

(PRLEAP.COM) NORTHFIELD, IL – Credentials Solutions has implemented another major enhancement to its TranscriptsPlus® online academic transcript ordering and fulfillment application that will now allow students to send secure [PDF transcripts](#) to the Law School Data Assembly Service (LSDAS), which is managed by the Law School Admission Council (LSAC). PDF transcripts will be delivered directly to LSDAS via sFTP along with the LSDAS barcoded cover sheet for all [Credentials Solutions](#) client institutions that send PDFs.

Credentials has also implemented enhancements to eRoboMail™ to automatically generate the required LSDAS cover sheet containing the student specific barcode. This cover sheet is seamlessly integrated with the student's transcript at schools utilizing Credentials' [eRoboMail](#) print and mail service, eliminating the process of sending in an attachment and giving students that do not want to send their transcript electronically the same level of service. If it is being printed and mailed by the school then the student will be required to fax or mail the attachment to the school for inclusion with the transcript.
