

Micro Strategies named one of NJBIZ's Top 100 Privately-Held Companies

Written by Australian Business

DENVILLE, N.J., Sept. 10, 2013 /PRNewswire/ -- For the second year in a row, NJBIZ has selected Micro Strategies to be on its prestigious Top 100 Privately-Held Companies list. Jumping from #99 to the #89 spot, Micro Strategies was included in this 24 year tradition again this year which originally selected 25 of the state's fastest growing companies and today selects the top for-profit businesses headquartered in New Jersey. The companies selected must be in business for the past three years, privately owned, and with revenues of \$500,000 or more.

"It is a great honor to be recognized and included in the NJBIZ's Top 100 list again this year," said Anthony Bongiovanni, President and CEO of Micro Strategies. "We are very proud to have established our 30 year history right here in the great state of New Jersey and to be singled out amongst thousands of other companies is a testament to the hard work and dedication of the entire Micro Strategies team."
