to help move them into a HIPAA Cloud Hosting environment before the HIPAA Compliance deadline.

Understanding HIPAA is not easy but HIPAA Compliance doesn't have to be difficult when organizations work with HealthCare Too. HealthCare Too offers online HIPAA Training and many free materials on its website. For example, these three simple questions can guide Covered Entities and Business Associates in evaluating their current web and cloud hosting arrangements where they store individually identifiable healthcare data:

1) Does the organization have a Business Associate Agreement with the hosting provider? 2) Has the hosting provider implemented appropriate safeguards to comply with HIPAA? 3) Can the organization retrieve all backups, audit logs, and other system administration material for the account from the hosting provider?

If the answer to all three questions is not "Yes", HealthCare Too's HIPAA Cloud Hosting provides the assurance of high-performance, medical-grade HIPAA Cloud Hosting in a HIPAA audited data center (auditor report available). An organization can manage its cloud
