

MONTREAL, January 17, 2014 /PRNewswire/ --

FirstIn Wireless Technologies, Inc. (OTC: FINW) to attack the over 70 Billion dollar cellular long distance and roaming charges market for cellular user. "FirstIn is primed and ready to launch its smart phones applications which will save users a minimum of 50% over regular carrier costs and carve itself into the niche market of discount cellular long distance and roaming charges said FirstIn president André Beauchesne. "The timing for FirstIn's product launch comes at a time when travel communications costs are on the rise due to ever growing business and leisure travels. In 2014 the cellular long distance and roaming market will surpass a staggering 70 billion dollars

." The average cellular cost for a business traveler is over 800\$ a week. FirstIn's application is targeted to the traveler niche market, it is easy to install and will save any traveler over 50% on roaming and long-distance charges, added Mr Beauchesne.
