

ALEXANDRIA, Va., Sept. 24, 2013 /PRNewswire/ -- iSpring Solutions, maker of industry-leading e-Learning software, today announced the launch of the all-new [iSpring QuizMaker 7](#)

. It enables users to publish tests in the mobile-ready HTML5 format while maintaining Flash support. HTML5 technology ensures that rich-media quizzes created with iSpring QuizMaker 7 are accessible from any type of screen, including desktops, tablets and smartphones.

For most educators, it's crucial to provide e-Learning on-the-go since today's students tend to use mobile devices more than traditional PCs. With iSpring QuizMaker 7, content developers save valuable time with a more efficient development tool that eliminates the need to create multiple copies of the same assessment for different devices. The product's intuitive design also increases efficiency, streamlining the development process with an extensive set of advanced e-Learning options that non-technical users can quickly learn.

Like all iSpring software products, the new iSpring QuizMaker 7 delivers a superior level of engineering, fast performance and high reliability. The redesigned tool has been enhanced with many new features that empower developers to create professional quizzes and surveys in just minutes. The new product allows developers to import queries from Microsoft Excel spreadsheets and drag and drop questions, build sophisticated branching scenarios and use personalized feedback to create answer choices.

iSpring QuizMaker 7 provides an unparalleled level of customization so that content developers can create engaging, branded e-Learning assessments. The content produced with iSpring QuizMaker 7 is SCORM/AICC compatible and can be seamlessly integrated into any LMS. The new iSpring QuizMaker 7 can also generate Tin Can API-compatible quizzes and surveys.

"iSpring QuizMaker 7 is a must-have tool for any educator who wants to benefit from the most

up-to-date e-Learning technologies while enjoying a comfortable, hassle-free authoring process," said Yury Uskov, CEO of iSpring Solutions.

iSpring QuizMaker 7 is available for purchase on the iSpring website starting today for the list price of \$397. Quiz and survey developers can test-drive the product at no risk with a [free 30-day trial](#)

of iSpring QuizMaker 7. Customers who purchased iSpring QuizMaker 6 on or after August 1, 2013

are eligible to upgrade to the iSpring QuizMaker 7 version at no charge. iSpring also offers upgrades at significant discounts to registered iSpring QuizMaker customers as well as major discounts to educational, government and non-profit organizations. Learn more at www.ispringsolutions.com
