

NORCROSS, GA, September 12, 2013 /**24-7PressRelease**/ -- Whether a woman wants to add volume to her hair or change the length, Sunny's offers the highest quality [human hair extensions](#) from 12 inches to 30 inches. Since most of their customers purchase hair extensions online, Sunny's website offers plenty of guidance to help customers choose the color, texture, and length that is right for them. Their inventory also includes [pre-tipped hair extensions](#).

Choosing Hair Extension Length--From Conservative to Dramatic

- For women who want instant volume with minimum fuss, they offer [Lord & Cliff clip-in hair extensions](#). It is a simple one-piece extension with 12 layers of genuine human hair. You can curl it or iron it, depending on how long you want it to be.
- If your natural hair is shoulder length or shorter and you are more interested in getting fullness than length, 12-inch extensions are the best option. If it is curled, it will fall just about the shoulders, at the collarbone.
- For a more dramatic look, you can go with 14-inch extensions that come to the armpit, 16-inch extensions that fall above the bra strap, or 18-inch extensions that fall below the bra strap.
- For a more cutting-edge look, Sunny's offers 20-inch and 22-inch extensions that reach the mid-back and 26-inch and 30-inch extensions that are waist length.

Sunny's site provides guidance on choosing color, texture, and installation method as well as length. This will ensure customer confidence when ordering hair extensions and will help them achieve look they want, whether it is a subtle increase in fullness or a dramatic new look. The site also includes a Style Advisor where customers answer twenty questions to help determine what style best suits them.
