

Woodland Hills Cosmetic Dentist, Dr. Irani, is Offering Complimentary Take-Home Bleaching Kits

Written by Australian Business

WOODLAND HILLS, CA, September 20, 2013 /**24-7PressRelease**/ -- Dr. Bobby Irani, [Woodland Hills dentist](#), is offering complimentary take-home teeth bleaching kits for new, PPO insured patients. These take-home kits are an effective way to whiten and brighten the teeth in the comfort of the patient's own home.

Take-home whitening kits are easy to use and provide excellent results when they are used as directed. In the period of just a few days, the patient's teeth can become noticeably whiter and brighter. Many patients prefer these kits over other methods of [teeth whitening](#) because they are less likely to increase the sensitivity of the teeth.

For those who prefer the convenience and fast results of in-office whitening procedures, Dr. Irani, Woodland Hills dentist, also performs Zoom whitening as well as other in-office whitening procedures. These teeth whitening procedures can whiten your teeth by up to eight shades in just one office visit.

Dr. Irani also performs a number of other general and cosmetic dental services, as well as orthodontic services. His practice, Mulholland Dental Care, is a one stop shop for all of general and cosmetic dental needs of patients. Dr. Irani, Woodland Hills dentist, fits patients with porcelain veneers, performs smile makeovers, restores [dental implants](#), performs routine examinations and cleanings, places dental fillings, performs dental bonding, performs root canals, fits patients with full or partial dentures, performs dental extractions, fits patients with Invisalign aligners, six month braces or comprehensive braces, and much more.
