

Wood Renewal Franchise Launches "N-Hance Kitchen Face Lift" Contest

Written by Australian Business

SALT LAKE CITY, UT, September 20, 2013 /**24-7PressRelease**/ -- A 2013 Harvard University study stated that home improvement spending is slated to increase as the year progresses. To help achieve the dream of renewing a kitchen for a consumer, N-Hance Wood Renewal, a trusted partner of The Home Depot for renewal of kitchen cabinets, has launched the "N-Hance Kitchen Face Lift" Contest. The Facebook photo-sharing contest encourages consumers to share a picture of their "sad" wood kitchen cabinets with an explanation of why a professional kitchen cabinet renewal would be important to them.

The grand prize winner will receive a free kitchen cabinet wood renewal, valued at \$2,000.

From September 15 through October 12, entrants can share their photo and a 200 word explanation on the N-Hance Wood Renewal Facebook page. The grand prize winner will be selected based on the number of people that "Like" the entrant's photo and explanation.

"As home improvement projects continue to increase, there is a growing demand for wood renewal services because of the low cost and convenience that it offers to consumers," said Ben Davis, President of N-Hance. "Our contest helps one lucky winner achieve their dream of providing a whole new look to their kitchen, something they can take advantage of in time for the holiday season."

The "N-Hance Kitchen Face Lift" contest is only available to U.S. residents. To enter, visit N-Hance Wood Renewal's Facebook page at <https://www.facebook.com/nhancerenews>.
