

JEFFERSONVILLE, IN, September 20, 2013 **/24-7PressRelease/** -- Finding the right dentist can be difficult as there are many options available, from dental specialists to general dentistry and pediatric dentistry. For a family, this can make dental visits a headache, as family members may need different dentists at various locations.

The primary difference between a general dentist and a family dentist is that general dentists often specialize in adult oral care and subsequently cater to adults. In contrast, pediatric dentists specialize in children. As a family dentist, Dr. Michael Kirchner welcomes every member of the family. He is equipped to handle everything from a child's first teeth cleaning to grandpa's first set of dentures. Dr. Kirchner is also versed in cosmetic dentistry.

"My family brings me immense joy. As a busy dentist, I understand how important it is to keep the entire family healthy and happy without unnecessary stress," said Dr. Kirchner. "Kirchner Dental is the one-stop practice for all of your family's needs."

Dr. Kirchner has completed advanced study at The Dawson Academy and continues his education to stay ahead of the latest advancements in dentistry. Patients looking for a well-rounded family dentist in Jeffersonville are encouraged to make an appointment. Available services include teeth cleaning, cavity fillings, root canals, crowns and bridges, dentures, implants, teeth whitening, Invisalign straightening, cosmetic contouring, veneers, scaling and root planing, sealants, extractions, All-on-4 dental implants and root canal therapy.

Every service requires an initial oral examination. During this preliminary examination, Dr. Kirchner diagnoses any problems and discusses treatment options. This visit includes a visual examination, charting, periodontal probing and x-rays. Dr. Kirchner has affordable treatment options so no family is left behind. For an annual fee, patients without dental insurance can join The Smile Club. While a member, patients are entitled to two exams, two cleanings and 15% off any treatment. The fee is non-refundable and perks must be used within 12 months of membership enrollment.

For more information or to make an appointment, patients can visit Dr. Kirchner's website at <http://jeffersonvillesmiles.com> or contact his office at 812-399-3586. New patient forms are conveniently located on the website homepage.
