LAS VEGAS, NV, September 21, 2013 **/24-7PressRelease/** -- Quick n Easy Couriers (www.quickneasylv.com), has launched a new affordable and convenient grocery delivery service in Las Vegas and Henderson. Quick n Easy Couriers is the only grocery delivery service in Las Vegas and Henderson that stocks their online store with new products based on customer request and can deliver products from multiple stores. Quick n Easy Couriers offers a superior grocery delivery service at a fraction of the cost of other grocery delivery services to both Southern Nevada visitors and residents with an unlimited number of potential items. To open a free account at their online store, go to <http://www.quickneasylv.com> and to follow Quick n Easy Couriers on Facebook and receive additional discounts on select items, go to <http://www.facebook.com/quickneasylv>.

Quick n Easy Couriers offers a dynamic user experience and offers products based on customer demand - not supply. Quick n Easy Couriers currently has over 2,000 products to choose from; however, new products are added to their online grocery store daily. If you don't see your favorite brand, you can simply submit an email request to info@quickneasylv.com to have the item added within 24 hours.

Local residents and Las Vegas visitors can shop from the comfort of their own homes, 24 hours a day. Groceries can be ordered up to 2 weeks in advance so visitors can place their order from home and have their groceries delivered to their Las Vegas resort when they arrive. Two hour delivery windows are available; however, Quick n Easy Couriers will call or text message the customer the morning of the delivery to provide a narrower delivery window. This eliminates the need to sit around and wait for the delivery personnel and has been found to improve customer satisfaction, Quick n Easy Courier's #1 priority.

Although most Las Vegas visitors enjoy the fine restaurants and incredible cuisine that Las Vegas offers, they still want necessities such as bottled water, soda, snacks, fruit, and breakfast items for their rooms. And because Las Vegas resorts offer some of the finest amenities and full kitchens available, visitors want to take advantage of those perks by eating at least a few meals in their room to save money for other Vegas attractions.
