---

LOS ANGELES, CA, August 23, 2013 /**24-7PressRelease**/ -- For a limited time, Dr. Setti, [Los Angeles cosmetic dentist](#), is offering a special on a take-home whitening kit. When new patients have a dental exam, cleaning, and x-rays at Dr. Setti's office, they will receive a free take-home whitening kit. This kit is a \$375 value.

The take home whitening kit is more powerful than the over the counter kits that contain gels or strips. This kit is offered by dentists only, and it cannot be purchased in stores. The take home kit is the most effective whitening option aside from in-office whitening treatments. The whitening kit provides effective, dramatic results in just a matter of days, and patients can use it in the comfort of their own homes when it is convenient for them. In addition, this kit has been clinically proven to whiten the teeth without increasing the teeth's sensitivity, which makes it a gentler option than many chair-side whitening systems and ideal for patients with sensitive teeth.

In addition to exams and cleanings, Dr. Setti, [Los Angeles teeth whitening](#) dentist, offers a number of other dental treatments. He performs a number of general dental treatments, such as filling cavities with metal free, tooth-colored fillings and providing periodontal therapy. He also fits patients with Lumineers and traditional veneers, places dental crowns, performs the Zoom whitening procedure, fits patients with Invisalign aligners, restores dental implants, performs smile makeovers, places dental bridges, and much more.

About Dr. Setti, [Dentist Los Angeles](#)

Dr. Setti is a premiere Los Angeles dentist because of his extensive training and years of experience. He has helped hundreds of patients maintain their good oral health and has improved countless smiles. Dr. Setti, [Los Angeles tooth bleaching](#) dentist, stays abreast of the latest trends and techniques in cosmetic and general dentistry through numerous hours of continuing education courses and scientific sessions each year. He is an active member of the Southern California dental community and he participates in a number of community events.

Contact Dr. Setti's office to schedule an appointment for an examination, x-rays, and cleaning. Some restrictions apply, and the offer is only open to new patients. Mention the special when making the appointment.
