

MCLEAN, VA, September 10, 2013 **/24-7PressRelease/** -- Corcentric, a leading provider of accounts payable automation and electronic invoicing solutions, today announced Rob DeVincent will be speaking at the Institute of Financial Operations' 2013 Canadian Financial Operations Symposium, where he will present "7 Key Steps to Successfully Automate Your AP Process." This session is #1 in the Automation track and will occur on September 16 at 10AM. The Canadian Financial Operations Symposium will be held September 15-17, 2013 at The Fairmont Royal York in Toronto, Ontario.

Rob DeVincent, Vice President of Product Marketing for Corcentric will detail the critical components for success that industry experts utilize when implementing AP automation. He will also reveal the most common mistakes companies make and how that can limit ROI.

This one-hour presentation will articulate the steps necessary for success, including:- Defining the AP process- Envisioning the AP process- Awareness of the latest technology available

This session is designed for all AP professionals, but holds special significance for those who have had their AP automation projects approved and now need to understand the best course for implementation.

DeVincent is responsible for guiding the product roadmap of Corcentric's Accounts Payable solution, COR360, which enables companies to manage 100% of their paper and electronic invoice submissions, invoice approvals and matching, supplier customer service, purchase order requisitioning, payment disbursement, and spend management electronically. He has over 20 years of experience in designing and implementing Accounts Payable automation solutions for companies from a diverse group of industries. Additionally, he is the host of his own AP educational Webinar series and is a frequent speaker at various AP tradeshows including PayStream Advisors, IAPP, IOMA, and TAPN.

While you're at the Canadian Financial Operations Symposium, visit Corcentric at booth #250. Companies interested in automating their AP departments can stop by, talk with AP professionals, and see a live demonstration of COR360.
