

WoodMaxx Power Equipment is Now Offering a Standard 3-Year Warranty on Wood Chippers

Written by Australian Business

AKRON, NY, October 11, 2013 **/24-7PressRelease/** -- WoodMaxx Power Equipment is now offering a standard three-year warranty on their

[wood chippers](#)

. They offer the top-quality PTO wood chipper with reliable service and innovative designs. Two models are available. Wood chippers for sale include the WM-8M with an easy-to-use auto-feed function and a drive shaft-operated feed roller and the WM-8H, which has a hydraulic pump, feed system and in-feed motor that eliminates the need for tractor-based hydraulics.

Any WoodMaxx [chipper shredder](#) is equipped with A-8 tool steel blades that are both high carbon and high chromium. For added security, the blades are secured to the fly wheel using 12.9 HOLO-KROME blade bolts. The blades can be quickly and easily changed whenever necessary, and double in-feed rollers ensure fast, efficient operation. Brush, leaves, limbs and other landscaping debris can be smoothly and quickly processed thanks to the upper feed roller that maintains constant, consistent pressure on the material to be shredded.

Each part of each product has been designed to consistent standards, and quality is assured. The company stands behind its products and ensures that customer needs are met with each sale. By offering personalized support, WoodMaxx stands out from the competition. They offer a warranty that is among the best in the industry. In the past, WoodMaxx Power Equipment offered a 2-year warranty with an option to purchase additional years as desired. They are proud to stand behind their equipment and have the opportunity to add another year to their warranty at no charge to their customers. Discounted replacement parts, such as blades or wood chipper attachment pieces, are available at the time of purchase.

WoodMaxx Power Equipment offers a wide range of [wood chippers for sale](#) and products to help homeowners and businesses better manage their property. Their product line includes the 3 point snow blower with optional
