

ATLANTA, GA, October 28, 2013 /24-7PressRelease/ -- [Folding tables](#) dealer Classroom Essentials Online is highlighting the layaway program their business offers. The company is certain of two things. The first is that with the holidays nearing ever closer, many commercial outlets are in need of new inventory. Most schools swap out tables and chairs when students are on winter break in time for the new semester, and banquet halls experience their peak season during the winter months. Churches also tend to see a peak in the membership base around Thanksgiving and Christmas. The second certainty is that not everyone's budget allows for up-front purchasing.

Why Layaway Works

While buying in bulk is undoubtedly a great way to save money on new supplies, paying all at once is not a feasible option in this economy. By using a layaway program such as the one offered by the school furniture specialists at Classroom Essentials Online, you will be guaranteed to receive your order and will not have to break the bank to do so. It is not wise to wait until last minute to purchase seating during this time of year. Buying from a company that does not have layaway means running the risk of the inventory not being available when you need it.

To avoid running into the problem of having your shipment placed on backorder, be proactive and make a down payment as soon as you can.

According to Matthew Washabaugh, President of Classroom Essentials Online, "We urge all customers to take advantage of our 90-day layaway program. It starts in early October and is eligible on all orders that are more than \$1,500. To ensure all of our customers receive their purchases on time, a 50 percent down payment is required to secure a spot. You will have three interest-free months to pay off the remaining balance, at which point we will work with you to schedule the delivery."

If you are going to be spending more than \$1,500 this year on [church chairs](#) and other supplies, do not hesitate to take part in the company's layaway program. To learn more about the details, visit <http://www.classroomessentialsonline.com> [ht](#)

About Classroom Essentials Online:

Classroom Essentials Online was founded on the family's experience owning Advantage Church and School Furniture, which opened in 1985. From these companies, they have remained committed to providing classroom and office furniture to Georgia's churches, schools, hotels, daycare centers and more at top quality, but not top prices.
