

BATH, ENGLAND, October 29, 2013 **/24-7PressRelease/** -- Improving and developing business Leadership, Sales and Motivation skills can be as easy as eating fruit and veg by making it part of your routine. Instead of fruit and veg you have a "1%".

This "1%" is provided as a notification (Noti) on your phone. The Noti can be read in less than 5 seconds per day.

If you manage to read your Noti every day ... that is a 365% increase in your business skills in 1 year!

These Noti are delivered by Apps designed for business people; Sales Noti (FREE), Leadership Noti, Motivation Noti and Body Language Noti (FREE).

Noti are short statements that give advice as action points on how you can improve your skills a little at a time. The cumulative effect is what makes the difference.

Noti are designed to give a practical guide to the skills, attitude, and activities for developing and leading successful business. The information and advice are given without explanation. The Noti are based on research, well known publications and well documented experiences. Detailed explanations on why the specified techniques work can be found in many sales, psychology and negotiation books, some of which are referenced within The Manual for Leadership and Business Development, 'I'm building a Cathedral'.

Everyone has their own strengths and weaknesses. Knowing what they are may be a different matter. Use the Noti apps to recognise what you can reinforce and what you can improve.

Noti are actions presented as a simple activity to help individuals be even better, a little at a time. Set Notifications on your own schedule, work on them at your own pace. These easy to do improvements will get you noticed and people will wonder why!
