

WAYNE, PA, November 06, 2013 **/24-7PressRelease/** -- FluidEdge Consulting has for the second consecutive year made the prestigious Inc. 500 | 5000 list of the nation's fastest growing firms--joining the ranks of such prominent companies as Microsoft, Zappos, and Timberland--for its success in the health care industry.

"FluidEdge is incredibly honored to be included on the Inc. 500 | 5000 list of the nation's fastest growing companies for 2013. It is our loyal clients and our company's dedicated and talented team who truly make this award possible," said Shawn Archambault, President of FluidEdge Consulting.

Since 2007, FluidEdge Consulting has become a leader in the healthcare management industry and earned the ranking of 775 on the Inc. 500 | 5000 list this year. Inc. also ranked FluidEdge as #60 on their list of the Top 100 Health Companies in the nation, #13 among the Top 100 Pennsylvania Companies, as well as #16 among those in the Philadelphia Metro Area.

"Not all the companies in the Inc. 500 | 5000 are in glamorous industries, but in their fields they are as famous as household name companies simply by virtue of being great at what they do. They are the hidden champions of job growth and innovation, the real muscle of the American economy," said Inc. magazine Editor Eric Schurenberg.

Founded in 1979, Inc. has an audience of 6,000,000 and is the only major brand dedicated exclusively to owners and managers of growing private companies. Companies on the Inc. 500 represent the top tier of the Inc. 5000 and are featured in the magazine's September issue. The list can be viewed at [www.inc.com/inc5000](http://www.inc.com/inc5000).\*

FluidEdge also received similar honors from the Philly 100 and 411.

For the past three years, FluidEdge has been ranked in the top 20 among the fastest growing small businesses in the Philadelphia marketplace by the Philly 100, being recognized as #16 in 2013, #16 in 2012 and #18 in 2011. The annual gala, which takes place each October at the Annenberg Center for the Performing Arts, has become one of the city's premier business events.

The Philadelphia 100 was created in 1988 by The Entrepreneurs' Forum of Greater

Philadelphia, The Philadelphia Business Journal, and the Wharton SBDC. It is a merit-based program, and the integrity of the selection process makes the award one of the most sought-after in the region. The full listing can be viewed at: <http://www.philadelphia100.com/>

"We are honored to have achieved this recognition for the third consecutive year. It is a testament to the quality of services we provide and our commitment to our clientele," Archambault said.

In September, 411 ranked FluidEdge #19 in The Tech 200. 411 is a national tech company that offers corporate information, company news, and awards for up-and-coming businesses. A listing of honorees can be viewed at: <http://www.lead411.com/tech200/2013/list.php>

"I am extremely proud that FluidEdge was recognized among so many industry leaders in The Tech 200," Archambault said, adding, "I am looking forward to our continued growth in the health care industry over the coming years."

FluidEdge has been successful in solving complex concerns for the ever-evolving Health Care industry. To learn more about FluidEdge Consulting, visit <http://www.fluidedgeconsulting.com>

\*Methodology: The 2013 Inc. 500|5000 is ranked according to percentage revenue growth when comparing 2009 to 2012. To qualify, companies must have been founded and generating revenue by March 31, 2009. They had to be US-based, privately held, for profit, and independent--not subsidiaries or divisions of other companies--as of December 31, 2012. (Since then, a number of companies on the list have gone public or been acquired.) The minimum revenue required for 2009 is \$100,000; the minimum for 2012 is \$2 million.
