

Para-Plus Translations Grows into Larger New Jersey Office

Written by Australian Business

CHERRY HILL, NJ, November 21, 2013 **/24-7PressRelease/** -- Para-Plus Translations, Inc. (www.para-plus.com), a leading provider of comprehensive global translation and interpretation services, has moved from Barrington to Cherry Hill, N.J. The company's new mailing address is 2 Coleman Avenue, Cherry Hill, NJ 08034 and telephone number is 856-547-3695.

"We are excited to begin our next chapter in a new location," said Robert Santiago III, the company's Chief Operating Officer. "As the world becomes smaller and international networks expand, Para-Plus has the opportunity to be an industry leader in information exchange. Our new space is 4,500 square feet larger than the previous site, which will allow us to continue to grow in the global marketplace and better serve our clients."

Para-Plus Translations will officially open the doors to its new home in Camden County, New Jersey on November 25, 2013. Para-Plus provides a dedicated team of employees, translators and interpreters who deliver a comprehensive range of linguistic services to businesses, individuals and organizations. The company's expertise spans more than 100 languages. Para-Plus Translations helps its clients break down barriers to build lasting relationships with their multicultural contacts. The company's offerings include translation, interpretation, transcription and voice-over services provided by linguists with a focus on businesses, law and legal services, governments and municipalities, health care, education, financial and insurance industries.

Founded in 1980 by Sonia M. Santiago, Para-Plus Translations is now led by her sons, Chief Operations Officer Robert Santiago and Vice President Carlos Santiago. The company has enjoyed more than three decades of growth to become a recognized provider of foreign language services.

Para-Plus Translations is a Certified Women-Owned and Certified Minority-Owned Business. It has been named among The Legal Intelligencer "Best of" in 2012 and 2013, one of America's Fastest Growing Private Companies according to Inc. Magazine 500/5000, and has been recognized among the Best-Run and Fastest Growing South Jersey Companies by SmartCEO, Philadelphia Business Journal and South Jersey BIZ.

The company's translators and interpreters are highly qualified in their areas of expertise and are often professionals in the fields of engineering, medicine, law, teaching, editing and language, to name a few. Their skills include editing, proofreading, computer and desktop publishing and custom-designed translation and interpretation solutions. Whether clients require assistance with courtroom hearings, legal consultations, medical emergencies or other needs, Para-Plus Translations stands ready to provide native-speaking professionals with the

experience and skill sets required to translate documents, websites, business collateral, forms and more.

About Para-Plus Translations, Inc.: Para-Plus Translations is a leading provider of comprehensive global translation, interpretation, transcription, voice-over, sign language and Braille services in more than 100 languages. Para-Plus Translations takes pride in delivering outstanding service and personal attention, representing a wide array of individuals and industries including businesses, law firms and legal service providers, governments and municipalities, health care, education, financial and insurance institutions.
