

Exlar a New Encompass Partner Within the Rockwell Automation PartnerNetwork

Written by Australian Business

CHANHASSEN, MN, November 27, 2013 /**24-7PressRelease**/ -- Exlar Corporation, a Curtiss-Wright company, participates as an Encompass™ Product Partner in the Rockwell Automation PartnerNetwork™. Through Encompass Product Partners, customers can quickly locate complementary products that best solve any application challenges. These products are critical components or connectivity solutions that extend and enhance Rockwell Automation installations.

Exlar will complement existing electric linear actuator products offered by Rockwell Automation by extending the force range available to our joint customers. Exlar offers customized solutions to 40,000 lbf (178 kN). Five Exlar linear actuator product families are currently referenced in the program: GSX Series, GSM Series, K Series, FT Series and Tritex II. The GSX and GSM will benefit from premier connectivity within the Rockwell Automation Integrated Architecture control solution, with seamless integration.

About Exlar

Exlar is a business unit of Curtiss-Wright Controls. Exlar designs, manufactures and sells linear and rotary motion products worldwide. For more information about Exlar, visit www.exlar.com.
