

BALTIMORE, MD, January 02, 2014 **/24-7PressRelease/** -- Entry-Master LLC announced today The Amazon Group, Inc. as their newest installation and reseller company in South Florida. The Amazon Group operates throughout Central-South Florida with over 80 years of combined industry experience.

"We have added The Amazon Group to sell and service our product line in Florida," said Mike Armetta, Director of Operations for Entry-Master, LLC. "The Amazon Group has a solid track record and we believe they will do a great job of representing EMS and our security product line."

The Amazon Group has inventory of over \$1 million in three location warehouses and specializes in residential and commercial security systems.
