

MCLEAN, VA, January 07, 2014 **/24-7PressRelease/** -- Change is inevitable, especially when it comes to technology and business. Being prepared for those changes can be the difference between success and failure. Corcentric, a leading provider of accounts payable automation and [electronic invoicing software](#), looked at the continuing and upcoming trends that appear to dominate finance, with a special focus on the trends in AP automation. The first Webinar in 2014 "AP's Big Issues for 2014: Are You Ready?" takes place on Wednesday, January 15, 2014 at 2:00 PM ET/11:00 AM PT, and will detail five major issues that will affect accounts payable well beyond this year.

The issues discussed will include:- Expansion of cloud computing and SaaS solutions- Effects of e-invoicing mandates- Growth in e-payments- Continuing tech trends in big data, mobile enablement, and virtual currency- Need for collaboration between AP and Procurement

As a bonus, this Webinar will also feature a demo of COR360, Corcentric's comprehensive Accounts Payable workflow solution.
