

HOUSTON, TX, January 14, 2014 **/24-7PressRelease/** -- GreenEfficient is proud to announce the opening of our new corporate office location in Kingwood, Texas. GreenEfficient is a first-in-class commercial facilities maintenance provider and energy retrofit manager for institutional and government clients throughout the United States. We focus on maintenance and operational efficiency in complex facilities as well as those with multi-location requirements. We provide quantitatively efficient and process-driven facility services for first-class clients. GreenEfficient, Inc. holds a GSA Schedule (GS-21F-0093Y) for Complete Facilities Maintenance and Management services under source 03FAC. This enables both Federal Government and Texas State Government agencies to purchase services at pre-negotiated rates.

The new corporate location will serve as the center for company growth and employee engagement. We are currently hiring full and part time positions as we expand our corporate office staff. Part time positions include Social Media and Sales internships as well as a part time book keeper with Quickbooks experience. Full time positions include a sales manager, project manager and several appointment setters. Applicants are encouraged to apply via our website: <http://www.greenefficient.com/careers>

.

Coveniently located in Kings Harbor waterfront village, GreenEfficient's new office sits footsteps away from several tasty restaurants and retail shops. Relish the scenic view from our office of the Kings Harbor Waterfront. Enjoy local restaurants like Chimichurri's, Zammitti's, Sharky's Waterfront Grill, and more. These restaurants are all within walking distance from the new office. Kings Harbor is also equipped with a covered parking garage. Employees at our corporate office can protect their cars from weather damage by utilizing our free covered parking. Beyond promoting efficiency at work, benefits of a shorter commute to work saves staff gas and money. GreenEfficient is also located just 20 minutes from George H.W. Bush/ IAH airport. From free concerts to movies under the moon, Kings Harbor of Kingwood always has exciting events on the calendar. Local townhomes and several apartment complexes are only a walking distance from our new Kingwood location. GreenEfficient in Kingwood is also close proximity to Atascocita, Humble and Kingwood. Our office is just north of FM 1960 on West Lake Houston Parkway. Facilities within proximity include, YMCA Lake Houston, banks, grocery stores, parks, dry cleaning, and several dining establishments. GreenEfficient has many Texas based management offices where we can effectively manage operations & maintenance projects nationwide while retrofitting & consulting globally.
