

KING OF PRUSSIA, PA, January 24, 2014 **/24-7PressRelease/** -- Business Technology Solutions (BizTech), announced today that a large retailer in North America selected BizTech to lead their Oracle GoldenGate Real-Time Data Integration implementation. This U.S. based retail establishment operates over 700 retail stores throughout the United States and Canada.

Oracle GoldenGate provides real-time data capture, transformation, routing, and delivery of database transactions across heterogeneous systems. The software facilitates high-performance, low-impact data movement with low latency to a wide variety of databases and platforms while maintaining transaction integrity.

"BizTech has a strong working relationship with leading companies in the retail industry; and we are excited to have been selected to implement Oracle GoldenGate," said Lee Tsao, VP and Managing Partner at BizTech. "Oracle GoldenGate is used for many Fortune 500 companies and other industry leaders worldwide to support mission-critical systems for data availability and integration."

A Platinum level member of Oracle's PartnerNetwork (OPN) and Specialized in Oracle's database solutions, BizTech has helped more than 500 clients in virtually every industry leverage Oracle investments to improve business processes, reduce costs and provide support for management decision-making.

About Oracle PartnerNetwork Oracle PartnerNetwork (OPN) Specialized is the latest version of Oracle's partner program that provides partners with tools to better develop, sell and implement Oracle solutions. OPN Specialized offers resources to train and support specialized knowledge of Oracle products and solutions and has evolved to recognize Oracle's growing product portfolio, partner base and business opportunity. Key to the latest enhancements to OPN is the ability for partners to differentiate through Specializations. Specializations are achieved through competency development, business results, expertise and proven success.
