

C-Clear Acquires New Corporate Office Space

Written by Australian Business

LAS VEGAS, NV, February 26, 2014 /**24-7PressRelease**/ -- C-Clear, Inc. (www.c-clearantifog.com), is one of the fast-growing anti-fog lens cleaner manufacturers in the USA, announced today it has expanded its Las Vegas, Nevada manufacturing presence with the opening of new corporate offices. The company has new brick-and-mortar office space located at 7495 West Azure Drive, Suite 110, Las Vegas, NV 89130.

"We are excited about our new Las Vegas office location," said Yvonne Morris, Sr. Vice President of C-Clear, Inc., "It is representative of our growing business, and our commitment to our customer base." Morris went on to say "our new corporate office location is in addition to our manufacturing facility in Las Vegas, and is an indication of our continued growth and success."

The new location will also house C-Clear's global sales and customer service team.

C-Clear was founded in 1977 and is headquartered in Las Vegas, Nevada. C-Clear is a world leader manufacturing anti-fog, anti-static lens cleaning solutions! C-Clear is a proprietary solution that cleans and prevents glass or plastic from fogging, attracting dust and small particulate to the treated surfaces and the gel fills in minor scratches. C-Clear has been lab tested and proven to be safe for use on all glass, polycarbonate and other plastic lenses that have been treated with anti-reflective and other type coatings and tinting.

For more information about the new office space or C-Clear products, contact Terry Colbert, CEO & president at 877.750.7927, or via email: Terry@C-ClearAntiFog.com .
