

## Onepath Systems Among Fastest Growing Companies

Written by Australian Business

---

May 30, 2014 /**24-7PressRelease**/ -- Onepath Systems, LLC is being honored as one of the Georgia Fast 40 by the Atlanta Chapter of the Association for Corporate Growth (ACG Atlanta). The firm, which provides advanced technologies and building systems integration to customers in the Southeast and across the nation, has experienced sustained growth recent years, earning it a spot on the list of Georgia's fastest-growing middle market companies for the second time.

ACG's mission and focus is on fostering and recognizing the growth of middle-market businesses around the world. The group maintains a special interest in mergers and acquisitions as well as private investment. It awards annual Fast 40 awards to honor those businesses that are leading their regions in sustained growth and revenue either through acquisition or organic business growth.

To be eligible for the award, companies had to meet specific criteria that include verifiable records of the company's revenue and growth in employment. The nominees must be for-profit companies with headquarters in Georgia, and their annual earnings must be between \$15 million and \$500 million.

Dan Bauer, president of ACG Atlanta, was pleased with the participants in this year's competition: "We were very impressed with the caliber of companies that were nominated this year, as we had the largest applicant pool in the history of the event." He says, "These companies exemplify ACG's focus on Middle-Market Growth and represent over 13,000 added jobs." ACG divides nominated companies into two groups, with the Lower Middle Market group showing revenues between \$15 million and \$60 million. Upper Middle Market honorees achieved \$60 million to \$500 million in annual revenue.

The CEO of Onepath Systems, Ron Self, is extremely pleased with the recognition and the sustained growth it represents. "Thanks to the hard work and contributions of our fantastic staff and leadership, we are achieving great success. Our company has grown consistently and is continuing to move forward with real momentum, earning our second Pacesetter Award last month and now our second Fast 40 Award for Growth. The entire Onepath team continuously strives to provide absolutely the best options and customer service to our valued customers, and that effort is resulting in outstanding growth."

Winners of the Georgia Fast 40 awards will be honored at a gala event on June 19th, 2014 in the Buckhead district of Atlanta.
