

## Six Sigma Development Solutions, Inc. Completed a Lean Agent Certification Course at Silgan Plastics

Written by Australian Business

---

WOODSTOCK, IL, June 02, 2014 **/24-7PressRelease/** -- Six Sigma Development Solutions Inc. (SSDSI) completed a Lean Agent Certification Course at Silgan Plastics in Woodstock, Illinois.

The Lean Agent is a professional who is well versed in the Lean (Toyota Production Systems) Methodology who leads or supports Lean improvement projects. A Lean Agent possesses a thorough understanding of the fundamentals of the Lean tools and methodology.

Six Sigma Development Solutions, Inc. 4 Day Lean Agent Course includes the following topics:- Lean Concepts Overview- The Fusion of Lean and Six Sigma- Types of Waste- Value Stream Mapping (VSM)- Conducting Kaizen (Vision) Events- Implementing Flow- Pull, Kanban and Flexibility- Mistake Proofing (Poka-Yoke)- 5S Visual Management- Final Lean Simulation combining tools and concepts learned

"Having recently taken a Lean Agent training with SSDSI, we found that their personable style and in-depth knowledge/experiences proved to make the perfect blend, which kept us engaged throughout the four-day seminar. They also did a wonderful job of getting the dozen or so participants equally engaged, making it a highly interactive program. I'd gladly take a training session again with the SSDSI Instructors."

Six Sigma Development Solution Inc. also hosts open enrollment Lean Agent Certification Courses in Dallas, TX, San Diego, CA and Atlanta, GA.
