

KING OF PRUSSIA, PA, September 05, 2014 **/24-7PressRelease/** -- Business Technology Solutions (BizTech), a leading Oracle Consulting and Technology Services firm, and Oracle Platinum Partner, today announced a strategic partnership with CardConnect, the only Oracle-validated integration for payment security. The strategic services-rich alliance allows CardConnect customers to capitalize on BizTech's flexible and secure Oracle Managed Services in the cloud. As part of the strategic partnership, BizTech customers are also positioned to benefit from CardConnect's integrated payment processing and tokenization solution for Oracle EBS.

From applications to infrastructure, BizTech Managed Cloud Services are fully equipped to support all or part of an Oracle environment. A global help desk staffed 24x7x365 by skilled Oracle application and technology experts ensures enterprise-grade cloud security and performance is delivered to customers. BizTech Managed Cloud Services are equipped with SOC 1 compliant management and monitoring. Disaster recovery, workspace recovery, compliance (Sarbanes-Oxley, SEC, GLB, JCAHO, HIPAA, and PCI), and diverse datacenter locations safely situated outside major threat zones ensure Oracle systems are safe and secure.

"BizTech and CardConnect are committed to providing flexible, cost-effective Oracle Applications to companies of all sizes", said Kyle Snyder, BizTech's CIO. "There is excellent synergy between CardConnect and BizTech, a matching of minds and business values will certainly be an added asset for our shared customers."

"Expanding our Oracle offerings, along with our strategic partnership with BizTech will strengthen CardConnect's role as the premier payments provider for Oracle," said Rob Nathan, Chief Technology Officer at CardConnect, "BizTech now has the advantage of adding integrated payment security and processing to their expansive list of services, all for the goal of helping customers run an efficient, cost-effective and secure Oracle system."

About BizTech BizTech is a leading Oracle Consulting and Technology Services firm and Oracle Platinum partner that helps organizations maximize the value of their Oracle investments through the entire applications and technology lifecycle. BizTech delivers the flexibility and performance our customers need from Oracle's traditional and cutting-edge cloud-based solutions.
