

Orion Systems Integrators Signs Partnership with Qlik

Written by Australian Business

MONMOUTH JUNCTION, NJ, October 02, 2014 /24-7PressRelease/ -- [Orion Systems Integrators, Inc.](#)

(ORION) an award-winning, global, IT services and solutions provider today announced a partnership with Qlik, a leader in data discovery. The partnership builds on Orion's experience of working with clients across the globe to maximize their enterprise solution across their organization.

Qlik delivers intuitive solutions for self-service data visualization and guided analytics. QlikView is the market-proven, leading BI platform for the rapid creation of guided analytics. It provides customers with an in-the-box application development platform, enabling analysts with minimal development expertise to build and publish powerful analytical applications. Through its partnership with Qlik, Orion is able to integrate and deliver the benefits of QlikView to their clients, ensuring they get the most value out of Qlik's transformative technology by streamlining their BI roadmap and providing necessary governance and best practices.

"By leveraging our partnership to provide a Business Intelligence solution that enhances decision making, insight discovery and process optimization, Orion and Qlik can deliver the highest quality solutions for businesses of every kind," said Sunil Mehta, President and CEO of ORION.

About ORION This year Orion celebrates their 20 year anniversary as an award-winning, innovative New Jersey based Information Technology software and solutions provider. With a global footprint and over 1000 technology professionals Orion develops, integrates, deploys and manages IT solutions for leading financial, telecom, pharmaceutical and government organizations across the globe. Their reputation has been built on the value of their ability to leverage people, process, and technology to deliver quality solutions while putting mission-critical business requirements and rapid return on investment at the center of the solution development process. Headquartered in New Jersey, the company has additional offices throughout the US, India, Canada, Germany and Chile. Visit Orion at www.orioninc.com [WW](#)
