

MarketMAPS Offers Digital Maps of Anywhere in the USA and the World

Written by Australian Business

IRVINE, CA, November 11, 2014 /24-7PressRelease/ -- [MarketMAPS](#), America's leading source of Business Maps, offers high resolution

[Digital Maps](#)

of any area in the USA including counties, states, cities, regional, as well as custom areas, countries, continents and the world. These Digital Maps are available in AI (Adobe Illustrator) and PDF formats. MarketMAPS promises, "On Target, On Time: you get what you need when you need it". In 28 years, MarketMAPS has created over a million custom digital maps for businesses and consumers for a wide variety of uses and applications.

[MarketMAPS](#) customers use [Digital Maps](#) to **illustrate** their **presentations, advertisements,** and other

publications

. Digital maps are

portable

and

compatible

with any device

, making them an ideal business resource for on-the-go users. Most Digital Maps by MarketMAPS are available for

instant download

to ANY desktop, laptop, tablet or smart phone device. They are also offered in

CD-ROM Format

with options for delivery.

Adobe Illustrator Digital Maps feature **editable vector-based graphics** in Illustrator. These AI maps allow users to edit each of the geographic elements in their Digital Maps. Users can also add locations, change colors, create symbols and update territories.

According to Dan Olatin, CEO of MarketMAPS, "MarketMAPS leads the way with Digital Maps that use the most up to date data with the most data choices. You get the Digital Maps you need, when you need them. That's why MarketMAPS is On Target, On Time!" Dan adds, "Digital Maps are used every day for marketing campaigns, PowerPoint presentations, flyers, publications, direct mail pieces and more. Customers use Digital Maps on their laptops, smart phones, tablets and web sites."

Businesses and consumers looking for the most accurate, up-to-date and detailed [Digital Maps](#) should visit
