) San Diego, CA - Today, we're excited to announce that people can now "Like" your Facebook Page and subscribe to your updates on Twitter, Pinterest, and Google+ right from your [PRLeap Press Release](#).

Now every press release you publish with PRLeap can help get more fans and followers for your social media profiles.

"We've made the PRLeap Press Release even better by adding the Facebook Like Box and follow buttons for Twitter, Pinterest and Google+," "Now brands can leverage PRLeap press release as a tool for building their following on social networks."

You can now use PRLeap press releases to get more fans and followers for your social media profiles on Facebook, Twitter, Pinterest and Google+. The PRLeap Press Release features the Facebook "Like Box", which enables people to "Like" your Facebook Page from your press release. The Like Box adds social proof to your press release by displaying a fan box with pictures of people who "Like" your Facebook Page.

PRLeap also today introduced Brand Profiles, which lets you associate press releases. The latest 3 press releases in a Brand Profile are displayed at the bottom of a press release as "Related News".

Starting today, you can upgrade new and old PRLeap press releases with the Facebook "Like Box", follow buttons for Twitter, Pinterest and Google+, and Brand Profiles at no extra charge.

About PRLeap PRLeap offers press release distribution starting at \$79. The PRLeap press release includes guaranteed news syndication, search engine optimization and visibility, Next Day Distribution, Facebook Like Box, Social Sharing and Follow Buttons, Twitter Cards
