---

SINGAPORE-- [Media OutReach](#) --28 January 2014-- [Konica Minolta](#) bizhub 554e was announced as the winner of the 2014 Buyers Laboratory LLC (BLI) "Pick" Award in the monochrome A3 category last week.

BLI, the leading provider of intelligence on document imaging products and solutions, has been putting products to the test for more than 50 years. Its "Pick" awards, presented twice annually, recognise the best performers in a comprehensive suite of tests that cover a wide range of the most important features and performance factors for buyers.

Based on BLI's report, the Konica Minolta bizhub554e won the "Pick" award for Outstanding 51- to 60-ppm A3 Monochrome multi-function peripheral (MFP) based on its superior reliability and unsurpassed image quality.

"Receiving this 'Pick' award from BLI further supports the leading innovation and proven performance of bizhub MFP solutions. We are honoured to receive this award and are committed to providing even more powerful solutions to our customers in 2014," said Jonathan Yeo, General Manager, Regional Headquarters for Konica Minolta Business Solutions Asia Pte Ltd.

"The bizhub 554e offers many great features, but above all, it's proven to be very reliable," said

## Konica Minolta bizhub 554e Won BLI's 2014 Pick Award in the Monochrome A3 Category
