BEIJING, CHINA - [Media OutReach](#) - Aug 30, 2016 - Proposed by President Xi Jinping in 2013, the One Belt One Road (OBOR) initiative is an attempt to boost trade and political relations between China, Europe, and Asia. As one of China's leading trade partners and being one of Asia's original hub for finance and trade, Singapore is set to benefit from this initiative through infrastructure and logistics, tourism, and finance, that in return will create more job opportunities for Singapore and the countries along the Belt Road.
