

RF IDEas Ranks No. 12 in the Computer Hardware Industry on the 2013 Inc.500|5000 With Three-Year Sales Growth of 172%

ROLLING MEADOWS, Ill.--([BUSINESS WIRE](#))--*Inc.* magazine ranked RF IDEas No. 2155 on its seventh annual Inc. 500|5000, an exclusive ranking of the nation's fastest-growing private companies. This is the third consecutive year RF IDEas' performance has been acknowledged on this prestigious list. The list represents the most comprehensive look at the most important segment of the economy—America's independent entrepreneurs.

“At RF IDEas we are consistently developing new products that not only keep us, but more importantly, our customers equipped with the newest technologies”

Companies are ranked according to the percentage growth of their annual revenue over a three-year period. RF IDEas has shown an impressive growth rate of 172% from 2009 to 2012, ranking the company No. 12 in computer hardware and No. 2155 overall on the Inc. 500|5000 list.

RF IDEas' President, Richard Landuyt, credits RF IDEas' patented cutting edge technology and the focus on customer satisfaction with the company's extraordinary revenue growth. “At RF IDEas we are consistently developing new products that not only keep us, but more importantly, our customers equipped with the newest technologies,” said Richard Landuyt. “By continually offering the newest advancements at a cost effective level, keeping companies secure while improving workflow has never been easier. We are honored to be recognized for the third consecutive year on the prestigious Inc. 500|5000 list.”

Complete results of the Inc. 500|5000 list, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at www.inc.com/5000.

About RF IDEas

RF IDEas, founded in 1995, is the innovator of WaveID®, the new standard for badge-based authentication and identification solutions powered by RF IDEas readers. Under the WaveID umbrella, RF IDEas designs, develops, and manufactures a complete line of pcProx® card readers that support nearly every proximity and contactless smart card in use worldwide. RF IDEas readers come in many form factors, and are used in numerous applications and OEM solutions including: multi-function printers, kiosks, building and door access, point-of-sale, attendance management and computer logon. In addition to pcProx card readers, RF IDEas also offers pcSwipe™ magnetic stripe card readers, Wiegand Converters, and Software Developer's Kits.
