

Houston, TX, /PRNewswire-iReach/ -- Serenity Pools, an emerging Houston area custom pool builder specializing in designing beautiful outdoor living spaces, recently won "Best Of" in two categories as determined by readers of

[Living Magazine](#)

in the

Katy Area

. The company has been designing and building outdoor living spaces in Houston

since 2007, and this honor is a result of their remarkable talent in listening to their clients and delivering the backyard spaces of their dreams.

"We are very thankful to Katy residents for allowing us to serve them these last few years," says co-owner

Brian Panacek. "We have enjoyed providing services to

Katy

and look forward to doing so in future years, and we are so appreciative of this honor."

Serenity Pools has a different approach to pool and outdoor living design, and the build process itself. Unlike other one size fits all companies, Serenity Pools takes the time to get to know exactly what the client wants and works with all of their customers to ensure that their space is not only beautiful but energy efficient as well.

"Serenity Pools doesn't cut corners," says Panacek. "We build pools with energy efficient equipment and have relationships with companies like Hayward who offer the top-of-the-line equipment we like to use for our clients." Panacek also says the company uses PebbleTec, a high quality pool finish that adds elegance as well as durability to the pool.

Furthermore, Serenity Pools is there for the build. "Our customers see either myself or my partner Greg Channel on that job site every day. We want to make sure that our client has someone there who can answer their questions, who manages the timeline of their build, and who is dedicated to seeing the work done right the first time," stated Panacek.

Serenity Pools is more than just a [swimming pool builder](#) . They design and build entire outdoor living spaces complete with outdoor kitchens, seating and dining areas, and custom spaces. The company offers financing and Serenity Pools is a Better Business Bureau accredited business. They are also a member of both the Texas Association of Builders and the Greater Houston Builders Association.

About the [Cypress TX pool builder](#) :

Serenity Pools was founded in 2007 by co-owners Greg Channel and Brian Panacek. They are quickly becoming recognized in the Houston

area as the premier pool builder that combines knowledge of not only an in-ground pool construction, but how to put together an outdoor space their customers can be proud to show off. They combine more than 20 years of project management experience to provide exceptional service that ensures a beautiful job every time.
