

AMC Theatres® Brings the Future of Moviegoing to AMC Dublin Village 18

Written by Australian Business

KANSAS CITY, Mo.--([BUSINESS WIRE](#))--Plush power recliners. A full bar. Expanded concession offerings. New movie screens and speakers. And, oh yeah, those plush power recliners. AMC Theatres® has revolutionized going to the movies at AMC Dublin Village 18 and with the unparalleled new guest amenities, there's now no better way to see the hottest new movies in the Dublin and Columbus areas.

“The best possible guest experience is at the heart of everything we do. Whether that's through numerous concession options, a full bar, incredibly comfortable chairs or an amazing movie presentation, we want our guests to be excited about coming out to the movies again and again,” said Mark McDonald, executive vice president of development at AMC.

Every seat in the theatre is now a new plush recliner, which allows guests to lay back and put their feet up at the push of a button. To ensure maximum comfort, AMC has removed significant seating capacity in every auditorium, allowing guests ample space to recline or stretch their legs, and providing larger armrests for everyone.

At the concession stand, guests can select from traditional favorites like popcorn and candy, as well as a variety of hot food options, such as chicken tenders, mozzarella sticks, jalapeno poppers and pizza. In addition, moviegoers can choose from more than 120 drink options at new Coca-Cola Freestyle machines.

At the MacGuffins® Bar, adults 21 and older can enjoy a beer, glass of wine or cocktail. Named after a movie term coined by famed filmmaker Alfred Hitchcock, MacGuffins is AMC's take on a neighborhood bar where guests can hang out before or after the show. Guests can also take their drink into designated auditoriums to enjoy as they watch their movie.

From a comfort and presentation perspective, AMC Dublin Village 18 provides the same premier movie-going experience guests have been enjoying at AMC Dine-In Theatres Easton 30 since the summer of 2012.

AMC Theatres® Brings the Future of Moviegoing to AMC Dublin Village 18
