About Kofax

Kofax plc (LSE: KFX) is a leading provider of innovative smart capture and process automation software and solutions for the business critical First Mile of customer interactions. These begin with an organization's Systems of Engagement, which generate real time, information intensive communications from customers, and provide a fluid bridge to their Systems of Record, which are typically large scale, rigid enterprise applications and repositories not easily adapted to more contemporary technology. Success in the First Mile can dramatically improve an organization's customer experience and greatly reduce operating costs, thus driving increased competitiveness, growth and profitability. Kofax software and solutions provide a rapid return on investment to more than 20,000 customers in banking, insurance, government, healthcare, business process outsourcing and other markets. Kofax delivers these through its own sales and service organization, and a global network of more than 800 authorized partners in more than 75 countries throughout the Americas, EMEA and Asia Pacific.
