

Naperville Marathon Gains Sponsorship From Local Window Company, Opal Enterprises

Written by Australian Business

NAPERVILLE, Ill., Nov. 1, 2013 /PRNewswire/ -- Opal Enterprises is sponsoring the Edward Hospital Naperville Marathon on November 10 and also has three employees running the event's half marathon. The Naperville and Elmhurst window replacement contractor is a Gold Sponsor of this event, which is a qualifying race for the 2015 Boston Marathon.

"We are always on the lookout for opportunities to support groups and charities in the communities in which we work. The Naperville marathon is our third race sponsorship this year and it's one we are very excited about because we have three employees running in the half-marathon that day," said Tara Dawn, Marketing Manager of Opal Enterprises (www.opalenterprises.net).

The Naperville Marathon and the Half Marathon are held entirely within the Naperville city limits. Both the start and finish of the race are at Naperville's North Central College, located right in the heart of downtown Naperville. The course takes runners through city streets and neighborhoods, on pavement and limestone trails, through forest preserves and parks. Each finisher receives a marathon or half-marathon medal upon completion.

"The Naperville marathon seems to be a great fit for our company - it's local, it's something our employees can get behind and even participate in and running is a great activity to support. We're very excited to be a Gold Sponsor of this event and plan to sponsor these type of events for many years to come," said Dawn.

Opal Enterprises is a home window installation and remodeling company that recently
