HP products have been around for many years and continue to be popular. There are a variety of HP laptops listed on the website for customers to look over. According to Rakuyaz.us, there are several Asus laptops to choose from in different sizes. Customers can get a mini in the size of 10.0-inch screen or a 14-inch screen size. Asus products have gained popularity over the years, and Rakuyaz.us reports that prices will be reduced during the sale event.

There are several [Samsung laptops](#) to choose from that are listed on the website. The Samsung Chromebook, is a popular choice to buy during the holidays. This laptop comes with an 11.6-inch screen size and is designed to be connected to the internet all the time.

In Addition, there are a variety of Lenova laptops listed on the site. These laptops come with a larger screen size 15 or more inches. Windows 8 comes installed and this laptop has a battery life of five hours. All laptops listed here and others on the website will come with free shipping and a warranty.

"These laptops will be 20-30% less during the Cyber Monday event. Customers can come to the website to see all the information about each laptop, and compare them. Any of these products would make a great gift for the holiday season," says a rakuyaz.us representative.
