

MANCHESTER, England--([BUSINESS WIRE](#))--Leading parcel delivery service Parcel2Go have partnered with same day delivery distribution network CitySprint to help customers deliver their parcels on time and in perfect condition during the busy lead up to Christmas.

The new delivery service has been launched to prevent customers from panicking and getting stressed when they send late Christmas presents. Customers are able to find out the exact cost of their delivery before they send it by completing the online quote form. To find out more about the same day delivery service visit <http://www.parcel2go.com/sameday>

Parcel2Go are also offering customers a next day delivery option. The delivery options are offered by Parcel2Go's reliable couriers like ParcelForce, CityLink and Yodel. All customers have to do is select and book the delivery option they would like. It can all be done online and from the comfort of the customer's own home as Parcel2Go want to ensure that parcel delivery is as easy as possible for their customers this Christmas. Customers can read more about the next day delivery option at <http://www.parcel2go.com/content/services/next-day.aspx>

Les Yates, marketing executive said: "We are renowned for our customer service and our reliability at Parcel2Go and as Christmas is such a busy time we wanted to provide our customers with services that would make their parcel delivery process easier. Many people are too busy to get presents delivered on time, especially as couriers are always so busy around this period so we wanted to offer customers the chance to get their presents delivered on time, with reliable couriers and delivery services and at an affordable price."

As well as having their parcels delivered as fast as the same day customers can also keep up to date with their parcels by using Parcel2Go's online parcel tracking form. It's free and customers can see where their parcel is throughout its delivery process. Customers can browse Parcel2Go's full delivery services at <http://www.parcel2go.com/parceldelivery-uk.aspx>
