State Van Rental has been at the forefront of the van rental business for over a decade, and they continue to set themselves apart from the competition in a variety of ways. Their top of the line fleet of vehicles includes everything from standard 7 passenger vans to massive cargo vans. While most other companies in their field restrict vehicle usage to a relatively small regional perimeter, State Van allows people to take their vans anywhere in the continental United States

. With straightforward pricing and free pick up from LAX, there has never been a more affordable or expedient time to make State Van Rental your source for transportation.

State Van's central goal of making certain their clientele is happy and satisfied animates their entire approach to business. That is why they regularly entice customers with offers that exemplify their efficient, professional service. At present, conversion vans are particularly popular for family travel. With the capacity to accommodate an entire family (luggage included!) and a back seat that folds into a bed, renting a conversion van provides families with a very
