

Residents will enjoy a chauffeured Rolls-Royce and a private jet share program

VANCOUVER, Sept. 23, 2013 /PRNewswire/ - Holborn Group and TA Global Bhd. announced today partnerships with Rolls-Royce Motor Cars and London Air Services Vancouver that offer residents of the development access to a chauffeured Rolls-Royce and an allotment of private jet hours.

As the first airline to partner with a residential development to offer this amenity in Vancouver, London Air Services will provide the service of their Bombardier Learjet 75 to Trump Vancouver residents. Purchasers will receive a number of flight hours based on the purchase price of each unit. In addition, hotel guests and residential suite owners will share a chauffeur-driven Rolls-Royce Ghost model with customized Trump Vancouver details that will transport residents and guests within the downtown core and to major travel hubs such as Vancouver International Airport.

"We are excited to partner with London Air Services and Rolls-Royce as they share our vision to provide those living in this world-class city with the highest level of service," said Joo Kim Tiah, CEO and president of Holborn Group, the developer of Trump International Hotel & Tower Vancouver. "Like Trump, they stand as the titans of their industries, and we are proud to join together to offer luxury travel amenities like no other development in the world."
