Written by Australian Business

CREST HILL, Ill., Sept. 27, 2013 /PRNewswire/ -- OCTOBER 3, 2013 marks the opening day of one of Illinois' best haunted houses. Statesville® has been named "Best Haunted House in Chicagoland" for 11 of the past 13 years by HauntedHouseChicago.com, ranked a "Must See Top 25 Haunted Attractions in America" by [Haunted Attraction Magazine](http://HauntedAttractionMagazine.com), received the highest rankings available in both Time Out Chicago and the Red Eye. Also, Statesville will be featured as the Craziest Haunted House on the Travel Channel's "Halloweens Craziest" this fall. Statesville Haunted Prison and City of the Dead have aggressively changed 35% of the attraction and updated the third attraction ZOMBIE HUNT - after you find your way through both haunted houses, you can test your zombie hunting skills with paintball-filled shotguns at the shooting range!

Statesville Haunted Prison® is an aggressive interactive experience designed for teen and adult audiences, and *not* intended for children. This haunted house takes you through the twisted chambers of the darkest creatures ever imprisoned, with over 150 live actors attacking you at every step, over 40 horrifically detailed rooms and an average time of 40-50 minutes required to get through its oppressive walls.

New and newly re-designed this season: The Warden's Room, The Rules Room, Cell Block A, The Rat, The Vampire Lair, and The Clown Doctor.

Producer/Director: John LaFlamboy, Zombie Army Productions, John@Zap23.com **Dates:** October 3, 4, 5, 6, 10, 11, 12, 13, 17, 18, 19, 20, 23, 24, 25, 26, 27, 30, 31, and November 1st and 2
