About the Pennsylvania Gaming Control Board: The Pennsylvania Gaming Control Board was established in 2004 with the passage of Act 71, also known as the Race Horse Development and Gaming Act. Pennsylvania's first new state agency in nearly 30 years, the Gaming Control Board is tasked to oversee all aspects of the state's casino industry. The 12 casinos in operation all offer both slot machine and table game gambling, employ over 16,000 people, and collectively generate an average of \$4 million per day in tax revenue. A portion of that money is used for property tax reduction to all Pennsylvania homeowners; provide funds to the Commonwealth's horse racing industry, fire companies, a statewide water and sewer project grant program, and the state's General Fund; and, established a new stream of tax revenue to local governments that host casinos for community projects.
