(PRLEAP.COM) As an exciting opportunity, Southall Travel has announced discounted airfares on long haul flights to key leisure and business destinations in the Far East and Australia region with the flag carrier of Singapore. The special fares are for sale until 10 Oct, for travel outbound between 28 October and 30 November 2013.

Southall Travel has collaborated with Singapore Airlines to [offer special fares](#) for flights to Bangkok, Kuala Lumpur, Singapore, Bali, Koh Samui, Sydney, Brisbane, Perth and Melbourne. Return economy class tickets are priced from £536 for flights to Asia and £740 for [Australia](#)

"We are really excited to offer such great fares on such a wonderful carrier to allow travel during the best seasons to visit these destinations. This is a great opportunity to discover Asia and Australia and reacquaint yourself with the romance of flying in style," said Nicolas Corney, Product Manager, Southall Travel.

All special fares are available for sale until 10 October 2013; for outbound travel from 28 October to 30 November 2013. Certain inbound dates in December and January are not part of the offer.

"I am always looking for opportunities to revisit some of my favourite destinations such as Singapore, Bali and Koh Samui. Bali in particular offers the visitor fantastic value for money. To be in Australia during the test series is always exciting, but if you are no cricket fan, there is so much to see and experience in this amazing country" Mr. Corney continued.

Destination wise details of the offer and terms and conditions can be accessed at Southall

Travel's website, <http://www.southalltravel.co.uk/> . The fares are inclusive of all taxes and charges, and are subject to availability.

About Singapore Airlines Singapore Airlines has evolved into one of the most respected travel brands around the world, since its inception in 1972. Flying one of the youngest aircraft fleets in the world, and with the Singapore Girl becoming an internationally-recognisable icon, the airline provides high standards of care and service that customers have come to rely on. Their continued determination to stay ahead in service standards and in-flight comfort can be seen in the new business class available aboard the new Boeing 777-300ER aircraft from September 2013. Full details can be found on singaporeair.com
