

## Auto Europe Is Offering A Free GPS Rental With Any Car Rental in Europe, Plus Save Up To 30%

Written by Australian Business

---

PORTLAND, Maine, Oct. 9, 2013 /PRNewswire/ -- Auto Europe is offering a free GPS rental with any car rental in Europe for any rental duration. Travelers will receive a free Garmin Nuvi 275 or similar for the duration of their rental with routing maps of Western Europe and most of Eastern Europe with any car class booked. The 3.5-inch display features a touch screen and includes charger, dash mount and carrying case. In addition to providing peace of mind with turn-by-turn directions, the unit can also be removed from the vehicle and used to plan the next day's adventures by finding restaurants, museums and other places of interest.

This is the perfect time to spend Halloween touring Europe. Visit eerie destinations and take part in age-old Halloween traditions. Take advantage of low seasonal rates on car rental services with savings of up to 30% in many popular fall destinations such as Spain, France, Italy, UK and Portugal. One free car class upgrades are also available on select categories in Germany and Ireland. For recommendations on the top 10 Halloween destinations, visit: <http://blog.autoeurope.com/festivals-and-events-of-note/top-10-erie-halloween-destinations>

Free GPS offer is valid with any car rental reservation booked now through December 15, 2013. Seven day advance booking is required with the GPS. Additional restrictions may apply and exclude delivery charges. Discount offer varies based upon car category and location and applies to time and mileage only. Discount and Upgrade offer valid for reservations booked now through October 31, 2013. All offers subject to change without notice.
