

ATLANTA, Dec. 9, 2013 /PRNewswire/ -- Marriott continues to master convenience and superior quality in the hospitality industry. After the release of its widely popular mobile app, currently available at more than 3,800 properties, innovation was taken up a notch with the addition of its exclusive-to-Marriott Rewards member's Mobile Check-In.

Marriott mobile check-in was rolled out earlier this year as part of Marriott Hotel's [Travel Brilliantly](#) campaign, which seeks new ways to improve the travel experience. The application was initially made available to just 31 hotels throughout the U.S., but as part of a wider initiative, the application is now accessible at 349 domestic and international properties, including Atlanta Marriott Alpharetta, which is very appropriate given its location in the acclaimed "Technology City of the South."

Atlanta Marriott Alpharetta invites Marriott Reward guests of its 316-room accommodation to test-drive the new mobile check-in. This deluxe hotel is the ideal lodging destination for business travelers.

Conveniently located in Alpharetta's Windward Business District off Georgia State Route 400, this sophisticated

[Atlanta area hotel](#)

provides easy access to local attractions. The lodge-style accommodations are less than 30 miles from downtown

Atlanta

and just a short drive to North Point Mall Alpharetta. Visitors can discover the city's premier shopping paradise featuring top department stores, such as

Von Maur

and Macy's, and destination shops, including American Girl® Store Atlanta.
