

Del Mar Escapes Announce New Cabo Resort Options for January

Written by Australian Business

CABO SAN LUCAS, Mexico, Dec. 24, 2013 /PRNewswire-iReach/ -- For a family tired of being bundled up for a cold American winter, this just may be the perfect time to head to Cabo, where the temperature will be in the 80's all January long. Del Mar Escapes has recently announced that new resort options will be available for those vacationing this winter in Cabo San Lucas

Del Mar Escapes have long offered some of Cabo's premier services. The beaches available to vacationers are the most pristine in the region: estates open up onto the white sand and rolling waves. The amenities (private terraces, private dining areas, private pools, etc.) and services (private chef, private butler, in-room spa, effortless concierge, and more) have solidified the reputation for luxury that the resort enjoys. There's a reason that celebrities such as Michael Jordan, Kobe Bryant, and Meryl Streep have vacationed at Del Mar Escapes in recent years.

That's what makes their new resort options so exciting. Rather than staying indoors this winter like everyone else, guests can head to Cabo for the vacation of a lifetime, and experience the new options presented by Del Mar Escapes. They can enjoy a luxurious and romantic cruise around the Sea of Cortez as the sun sets on the blissful oceanic horizon. They can snorkel, dive, or kayak by day, and eat a luscious meal prepared by their private chef, served on their fireside and seaside private terrace by night. They can spend a day golfing on the 27-hole Jack Nicklaus Signature golf course, or playing tennis at the world renowned Palmilla Tennis Club. Or they can stay on that perfect white sand, at Club 96, the resort's beach club, or simply in a chair, with the tide tickling their feet and a good book and fresh beverage by their side.

Winter is the perfect time for a Caribbean getaway, as vacationers can avoid the large groups of tourists that flock south over spring break and summer vacation. Rather than being one of the crowd, they can choose to be one of the few, and enjoy the privacy and luxury that Del Mar Escapes have to offer thanks to their new January resort options.

Del Mar Escapes Announce New Cabo Resort Options for January

Written by Australian Business

Guests are invited to flee the snow and the chill of northern climes and head south this winter. To encourage a sunny vacation, Del Mar Escapes has recently announced new Cabo San Lucas resort options for the month of January.
