ST. PETERSBURG, Fla., Jan. 10, 2014 /PRNewswire/ -- Squaremouth, America's fastest growing travel insurance comparison site, announces its top selling travel insurance providers of 2013.

**WHAT IS SQUAREMOUTH:** Squaremouth is a website that compares travel insurance products from every major U.S. travel insurance provider. Squaremouth provides an unbiased platform where each product sells based on coverage benefits rather than brand recognition or size of agent network. Established in 2006, the company has grown from \$1 million in sales to \$12 million in 2013.

**WHAT IS IN THIS REPORT:** This report is compilation of statistics supporting the stability and growth of the Travel Insurance Industry. Over the last two years, the total amount of premium sold through Squaremouth's platform has almost tripled. This continuous upward trend in premium sold shows that the financial market is finally making a rebound.

Over 55,000 travel insurance policies were sold on Squaremouth's platform in 2013, more than doubling the amount sold in 2011. This data along with the total amount of premium sold supports the claim that not only are more people traveling, but they are booking higher value trips.
