Palm Desert, California March 04, 2014 [Travel News](#) ([PRLEAP.COM](#))

Nestled between the San Jacinto and San Gorgonio mountains you'll find a luxurious desert resort created by one of the greatest international hospitality chains. Marriott Shadow Ridge in Palm Desert and

[Koolfog](#)

, Inc joined this summer in a collaboration to enhance Marriott's pool area with re-designed and enhanced high-pressure misters.

Marriott Shadow Ridge Family Pool SceneAs the desert heat regulates the population count in the Coachella Valley, Koolfog assists commercial businesses in extending their season. "We're trying to make the heat a little more bearable." Steve Leonhard, Lead Designer for the Coachella Valley explains, "When 105+ degree weather is the norm for a good 4 months out of the year, our local businesses really suffer as it starts warming up. In fact, most out-of-town visitors feel that 90 degrees is extreme. We're trying to help their customers enjoy the luxuries of our Valley for as long as possible. "

As Marriott continues to enhance their outdoor areas, [Koolfog](#) works with them to identify and design new locations for [high-pr](#)
