Land Packages in Sydney, you can opt for the most suitable block and then customize the house design. This will make it highly attractive to tenants while suiting your investment budget and goals.

3. Brand new homes attract better tenants. New homes have the advantage of being incredibly attractive to tenants with modern conveniences. As a landlord, one would always want to attract high-quality long-term tenants to the property.

4. With depreciable assets such as the construction cost, fixtures, and fittings, depreciation and tax benefits can be availed.

## Positives of House and Land Packages in Sydney?

[House and Land](#) Packages in Sydney are ROI (Return on Investment) positive than a custom build or pre-existing house. One reason is the upfront pricing model is desirable and gives the buyers greater peace of mind. Next, the building process is faster and less stressful than a regular home build. With a House and Land Packages in Sydney, you can also pick the design which suits you while taking advantage of the Move-In Ready Convenience by choosing the "turnkey" option.

## When should you need to consider a House and Land Packages in Sydney?

Ideally, you should answer which type of House and Land Package is optimal for you, which leads you to answer two scenarios.

The first is where both the new home and the land are together in one contract. Here, the house is either under construction or complete. On the other hand, the land and the house have two separate contracts, which means that the buyer maybe not be able to choose from various [home designs](#) before buying.
