

TEMECULA, Calif., Sept. 10, 2013 /PRNewswire/ -- /Continental Who's Who/- Carol S. Keough is recognized by Continental Who's Who among Pinnacle Professionals in the Data Warehousing Industry as a result of her role as Program Manager with Teradata Corporation.

Carol has over 20 years of experience in the field of Hardware and Software Services, and is also extremely proficient in the areas of Project Management and Problem Solving Solutions. In her current position, Carol is responsible for several Teradata Platform releases in the areas of product definition, power design and regulatory compliance.

Prior to serving as a Program Manager, Carol worked in the areas of design and development of the Teradata file system and oversaw project management for Teradata Database releases. In addition, she was also responsible for Teradata database product management; marketing of the Teradata Database, the Teradata platform and storage, and the Teradata tools and utilities as well as program management for Teradata's 64-Bit strategy and programs. Her career with Teradata has also included the development of fixes for customer issues, implementing new functionality, team management, Linux program integration, as well as the coordination of database releases for engineering.

Throughout her educational career, Carol earned her B.S. in Computer Science from Montana State University

. She is currently a member of the Women of Teradata; NAPW; Association of Computer Machinery; and the International Electrical Engineers.
